PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building responsive web applications using React.js, Python, Django, and MySQL. Skilled in developing RESTful APIs, implementing CRUD operations, user authentication and authorization, and integrating frontend applications with backend services and databases. Familiar with API testing using Postman and deploying web applications using Netlify, Vercel, and Render.

TECHNICAL SKILLS

Languages: JavaScript, Python, HTML5, CSS3

Frameworks & Libraries: React.js, Django, Tailwind CSS

Databases: MySQL, SQL

Cloud & Deployment: AWS (EC2), Render, Netlify, Vercel

Tools & Technologies: Git, GitHub, Linux, VS Code, Postman, npm, RESTful APIs

PROJECTS

E-Commerce Web Application

Tech Stack: React.js, Django, MySQL, RESTful APIs

- Built a full-stack e-commerce application with user authentication, product management, shopping cart, checkout, and order workflows.
- Developed and integrated RESTful APIs to connect frontend components with backend services and manage application data.
- Implemented responsive user interfaces for product browsing and core e-commerce functionality.

WishVersa – Birthday Wishing Platform

Tech Stack: React.js, JavaScript, CSS

- Developed an interactive platform that allows users to create and share personalized birthday wishing experiences.
- Built reusable React components with countdown flows, animations, interactive sections, and dynamic user experiences.
- Designed responsive layouts to provide a seamless experience across mobile and desktop devices.

LearnXify – Learning Platform

Tech Stack: React.js, Django, MySQL

- Developed a learning platform focused on providing an organized and interactive digital learning experience.
- Built frontend and backend components to manage application data, user interactions, and core platform functionality.
- Implemented responsive interfaces and integrated application features to improve usability and accessibility.

EXPERIENCE

Python Full Stack Developer Intern

CyberGrow Technology, Indore, Madhya Pradesh | Apr 2025 – Oct 2025

- Built responsive full-stack web applications using React.js, Django, and SQL, integrating frontend, backend, and database components.
- Developed RESTful APIs and implemented CRUD operations for efficient application data management.
- Tested API workflows using Postman and assisted in identifying and resolving frontend and backend issues.
- Implemented user authentication and authorization for secure application access.
- Deployed web applications using Netlify, Vercel, and Render by configuring frontend and backend services for production.

EDUCATION

Bachelor of Technology in Computer Science | 2022 – 2026

LNCT (Bhopal), Indore Campus, Indore, Madhya Pradesh

Senior Secondary (Class XII), Science | 2021 – 2022

Government Swami Vivekanand School, Surpura, Bhind, Madhya Pradesh | MP Board

CERTIFICATIONS

- Python Full Stack Development** — CyberGrow Technology | A Grade (83.80%)
- Python Essentials 1** — Cisco
- HTML/CSS Essentials** — Cisco
